

Tissue Engineering & Regenerative Medicine Exposition 2018

TERMEX 2018 is an exposition which aims to introduce the very up-to-date situation of industrialization, regulation, market insights, international development and other surrounding issues of Tissue Engineering/Regenerative Medicine (TE/RM) in North America, Europe and Asia-Pacific countries. Please review following site for the detailed information <https://www.termis.org/wc2018/TERMEX2018.php>.

TERMEX 2018 (September 4 (Tue), 2018)					
Start	End	ANNEX1		ANNEX2	
9:00	10:10	Sub-Sessions	North America Session - Chairs ▶ Mark E. Van Dyke (Virginia Tech, USA) ▶ Yves Bayon (MEDTRONIC, France)	Poster Exhibition	
10:20	11:30		Europe Session - Chairs ▶ Yves Bayon (MEDTRONIC, France) ▶ Mark E. Van Dyke (Virginia Tech, USA)		
11:30	13:00		Free Lunch, Poster & Networking (@ ANNEX2)		
13:00	13:40		Korea Session - Chairs ▶ Bryan Choi (Inha University, Korea) ▶ Antonio Lee (MEDIPOST Co., Ltd, Korea)	Poster Exhibition	
13:45	14:25		Australia Session - Chairs ▶ Anthony S. Weiss (University of Sydney, Australia) ▶ Dietmar W. Hutmacher (Queensland University of Technology, Australia)		
14:30	15:15		Japan Session - Chairs ▶ Kunihiko Suzuki (MEDINET Co., Ltd., Japan) ▶ Yoshitsugu Shitaka (Astellas Institute for Regenerative Medicine, Japan)		
15:15	15:35		Coffee Break (@ ANNEX2)		
15:35	16:35		Panel Discussion - Chairs ▶ Yoji Sato (National Institute of Health Science, Japan) ▶ Mime Egami (The University of Utah, USA/ CSTERM Japan/ TERMS-AP)		

North America Session

9:00-10:10

Chairs: Mark E. Van Dyke (Virginia Tech, USA)
Yves Bayon (MEDTRONIC, France)

- Speakers: **NA-1** Public-private collaboration in support of early-stage translation of advanced therapies: A North American perspective
Michael H. May (CCRM, Canada)
- NA-2** Regenerative Medicine - Promising Therapies In Need of 21st Century Solutions
Becky Robinson-Zeigler (Advanced Regenerative Manufacturing Institute, BioFabUSA, USA)
- NA-3** Positioning a Large Medtech Company in the Regenerative Medicine Space
Markus Reiterer (Corp. Science & Technology, Medtronic, PLC, USA)

Europe Session

10:20-11:30

Chairs: Yves Bayon (MEDTRONIC, France)
Mark E. Van Dyke (Virginia Tech, USA)

- Speakers: Development and commercialisation of advanced therapy medicinal products (ATMPs) in Europe: The Holoclar® case
Giorgio Iotti (Research and Development, Chiesi Farmaceutici SpA, Italy)
- E-1** Catapult's role in ATMP development and specificities vs other European Regenerative Medicine clusters & Impact of Brexit of clinical development & market approval of ATMPs
Michael K. Bennett (Cell & Gene Therapy Catapult, UK)
- E-2** Regenerative Cellular Therapy in Europe: Definition, Case Studies and Perspectives
Vincent Ronfard (UNT-HSC School of Pharmacy-Font Worth Texas US/ Hairclone Manchester UK/ Cutiss AG Zurich Switzerland)
- E-3** Market Access and Uptake of Regenerative Medicine in Europe
Alain A. Vertès (NxR Biotechnologies GmbH, Basel, Switzerland)

Free Lunch, Poster & Networking (@ANNEX2)

11:30-13:00

12:30~13:00 : Poster Discussion

Tissue Engineering & Regenerative Medicine Exposition 2018

Korea Session

13:00-13:40

Chairs: Bryan Choi (Strategic Center for Regenerative Medicine (SCRM), Inha University)
Antonio Lee (MEDIPOST Co., Ltd, Korea)

Speakers: **K-1** Overview of Regenerative Medicine (RM) in Korea
Bryan Choi (Strategic Center for Regenerative Medicine (SCRM), Inha University)
K-2 Commercialization of Allogeneic MSC Cell Therapy Products addressing Unmet Medical Needs
Antonio Lee (MEDIPOST Co., Ltd, Korea)

Australia Session

13:45-14:25

Chairs: Anthony S. Weiss (University of Sydney, Australia)
Dietmar Wemer Hutmacher (Queensland University of Technology, Australia)

Speakers: **A-1** A strategy for Tissue Engineering & Regenerative medicine in Australia
Dietmar Wemer Hutmacher (Queensland University of Technology, Australia)
A-2 Progressing one of the largest trade sales in Australian healthcare history
Anthony S. Weiss (University of Sydney, Australia)

Japan Session

14:30-15:15

Chairs: Kunihiro Suzuki (MEDINET Co., Ltd., Japan)
Yoshitsugu Shitaka (Astellas Institute for Regenerative Medicine, Japan)

Speakers: **J-1** Japanese regenerative medicine development/market and effort for international standardization
Yoshitsugu Shitaka (Astellas Institute for Regenerative Medicine, Japan)
J-2 Japanese revolutionary regulatory framework and its efforts
Yoshiaki Maruyama (Office of Cellular and Tissue-based Products, Pharmaceuticals and Medical Devices Agency, Japan)
J-3 Development of SAKIGAKE-Designated Esophageal Regeneration
Setsuko Hashimoto (CellSeed Inc., Japan)
J-4 SAKIGAKE Designation -TAKARABIO's Experience -
Masanobu Kimura (Gene Medicine Business Unit, Takara Bio Inc., Japan)
J-5 FIRM's efforts to promote industrialization of regenerative medicine
Kunihiro Suzuki (MEDINET Co., Ltd., Japan)

Panel Discussion

15:35-16:35

Chairs: Yoji Sato (National Institute of Health Science, Japan)
Mime Egami (The University of Utah, USA/ CSTERM Japan/ TERMS-AP)
